

# AMPFIBIAN MINI-PLUS Weatherproof 16A to 10A Power Adaptor with MCB

Mfgr.# 50786

## No. DESCRIPTION

- 1 16A CEE SOCKET
- 2 LID
- 3 LID SEAL
- 4 MCB
- 5 HOUSING
- 6 SECURING LOOP
- 7 PLUG & FLY-LEAD

MCB = Miniature Circuit Breaker

### USING THE AMPFIBIAN MINI-PLUS

1. With nothing plugged in, connect the MINI-PLUS's plug (7) directly into power supply socket and switch power supply ON.
2. Connect MINI-PLUS socket (1) to operating device (caravan, RV, etc.).
3. Switch MINI-PLUS to ON position (8).

**Lid (2) must be latched closed before use. Inspect seal (3) for damage and/or obstruction. Do not use if lid, seal, or any other part is damaged or inoperable.**

### IF MINI-PLUS TRIPS IN SERVICE

The MINI-PLUS will trip due to overload. If you are unsure of the cause, turn off all power and contact a licensed electrician. If you believe there is an overload, switch off or unplug some of the appliances and reset the MINI-PLUS.

Electricity can be dangerous! Do not use this device if it fails to operate correctly in accordance with these instructions.

The MINI-PLUS is rated 230 Volts with a maximum current rating of 10 Amperes (A).

Do not try to open or repair the MINI-PLUS yourself. No user-serviceable parts are inside. This device will only protect against overloads.

This device must be connected DIRECTLY to an outlet socket. It must not be connected via cord extension sets.

Do not open frozen unit until thawed. Opening frozen unit may damage seal.

**Do not expose to petrol, oil, solvents, pool chemicals, etc.!**

**Do not use in hazardous locations!**

**Do not use if damaged!**

**Do not disassemble!**

**Ingress protected to IP44.**

**Do not drop or immerse in water!**

**Remove condensation / moisture with a soft absorbent cloth.**

**Only connect to power if unit is completely dry inside.**

**Turn off power supply before handling connections in wet conditions!**

**Store in a dry place out of direct sunlight.**

**This product is not intended for permanent installation. Do not bury!**

**To be used with 10A (2400W) maximum load.**

## LIMITED WARRANTY

Every Ampfibian product is thoroughly inspected and tested before leaving our factory. Ampfibian Pty. Ltd. limits this warranty against defective workmanship and faulty materials under normal use for twentyfour (24) months from date of purchase (proof of date of purchase must be provided) and undertakes at its option to repair or replace each product or part thereof on condition that:

- The product has not been subject to misuse, neglect, accidents or alterations;
- The unit has been used and maintained as per the instructions.

Ampfibian Pty. Ltd. is not liable for any consequential damage to either people, work or facilities from using the Ampfibian.

Please ensure Ampfibian is actually faulty before returning it, by testing it on a different power circuit and with a different appliance. Please see the "Return & Refund Policy" page on our website or contact us for details. All shipping costs are the responsibility of the customer.

Please staple your purchase receipt (or a copy) to this document. You will be asked to provide a filled-out copy of this form and proof-of-purchase in the event of a warranty claim.

**If you want an extra year's cover free (three in total), register your warranty online at [ampfibian.com.au](http://ampfibian.com.au)**
